DEFENDANT'S INDUCEMENT OF INFRINGEMENT

57. Defendant, directly and/or through subsidiaries or intermediaries, has and continues to induce infringement (literally and/or under the doctrine of equivalents) of one or more claims of the Asserted Patents. Defendant's deliberate and/or willfully blind actions

include, but are not limited to, actively marketing to, supplying, causing the supply to, encouraging, recruiting, and instructing others such as consumers, businesses, distributors, agents, channel partners, resellers, sales representatives, end users, and customers, to use, make available for another's use, promote, market, distribute, import, sell and/or offer to sell the Infringing Products. These actions, individually and collectively, have induced and continue to induce the direct infringement of the Asserted Patents by others such as consumers, businesses, distributors, resellers, sales representatives, agents, channel partners, end users, and customers. Defendant knew and/or was willfully blind to the fact that the induced parties' use, testing, making available for another's use, promotion, marketing, distributing, importing, selling and/or offering to sell the Infringing Products would infringe one or more of the Asserted Patents.

58. At least by filing and serving this Original Complaint for Patent Infringement, Azure has given Defendant written notice of the infringement. Furthermore, at least by filing and serving the Original Complaint for Patent Infringement in *Azure Networks, LLC, et al. v. Sony Electronics Inc., et al.*, Civ. Action No. 6:12-cv-746 (E.D. Texas), Azure has given Defendant written notice of the infringement. Because the '129 Patent, which was previously asserted against Defendant in *Azure Networks, LLC, et al. v. Sony Electronics Inc., et al.*, Civ. Action No. 6:12-cv-746 (E.D. Texas), and the other asserted patents are in the same patent family, upon information and belief, Defendant had knowledge of or was willfully blind to knowledge of the Asserted Patents and/or their patent applications and its infringement of said patents before the filing of this lawsuit. Defendant's infringing activities violate 35 U.S.C. § 271.

COUNT XI

DEFENDANT'S WILLFUL INFRINGEMENT

59. Defendant's infringement of the Asserted Patents is willful to the extent that the filing and service of this Original Complaint for Patent Infringement gives Defendant actual notice of infringement, and Defendant continues to make, continue to make, use, make available for another's use, offer to license or license in the United States, sell or offer to sell, and/or import the Infringing Products, and/or continue to induce others such as consumers, businesses, distributors, agents, channel partners, resellers, sales representatives, end users, and customers to infringe the Asserted Patents.

60. Furthermore, Defendant's infringement of the Asserted Patents is willful to the extent that the filing and service of the Original Complaint for Patent Infringement in *Azure Networks, LLC, et al. v. Sony Electronics Inc., et al.*, Civ. Action No. 6:12-cv-746 (E.D. Texas) gives Defendant actual notice of infringement, and Defendant continues to make, continue to make, use, make available for another's use, offer to license or license in the United States, sell or offer to sell, and/or import the Infringing Products including reasonably similar products and systems known to Defendant and variants thereof, and/or continue to induce others such as consumers, businesses, distributors, agents, channel partners, resellers, sales representatives, end users, and customers to infringe the Asserted Patents.

61. Because the '129 Patent, which was previously asserted against Defendant in *Azure Networks, LLC, et al. v. Sony Electronics Inc., et al.*, Civ. Action No. 6:12-cv-746 (E.D. Texas), and the other asserted patents are in the same patent family, upon information and belief, Defendant had knowledge of the Asserted Patents and/or their patent applications and its infringement of said patents before the filing of this lawsuit.

DEMAND FOR A JURY TRIAL

62. Pursuant to Rule 38 of the Federal Rules of Civil Procedure, Azure demands a trial by jury on all issues triable of right by a jury.

PRAYER FOR RELIEF

63. WHEREFORE, Azure requests the following relief:

64. A judgment that Defendant has directly infringed and induced the infringement of one or more claims of each of the Asserted Patents;

65. A judgment that Defendant's infringement of the Asserted Patents has been willful;

66. A ruling that this case be found to be exceptional under 35 U.S.C. § 285, and a judgment awarding to Azure its attorneys' fees incurred in prosecuting this action;

67. A judgment and order requiring Defendant to pay Azure past and future damages under 35 U.S.C. § 284, including supplemental damages for any continuing post-verdict infringement up until entry of the final judgment, with an accounting, as needed, and enhanced damages for willful infringement as provided by 35 U.S.C. § 284;

68. A judgment and order requiring Defendant to pay Azure the costs of this action (including all disbursements);

69. A judgment and order requiring Defendant to pay Azure pre-judgment and post-judgment interest on the damages award; and

70. Such other and further relief as the Court may deem just and proper.
